MESSAGE FROM THE HEADTEACHER

Dear Parents/Carers,

It is lovely to see children make an effort for Red Nose Day. We have raised £308 for the mufti day and £151 for the cake sale, giving a total of £459. This is a fabulous amount to give to the charity. Thank you for your support.

As you can see below, next week is Cerebral Palsy awareness day. This is an important opportunity to raise awareness of this disability, and for children to find out more about it. Therefore, we are asking children to wear something green, if they wish to, in order to support this day. Teachers will be talking to children about this disability during the day, but if you would like to find out more, see the email links below.

Have a lovely weekend.

Many thanks, Jon Stevens.

DATES FOR YOUR DIARY

MARCH

New Date: Tues 25th –
Cerebral Palsy Awareness Day

Tues 25th – KS2 West End
Workshops

APRIL

Tues 1st – RockBand Concert for
parents at 10am

Tues 1st – Y6 SATs meeting
for parents / carers at 3.30pm

Mon 7th – Wed 9th
Y6 Residential

Thurs 10th – 2pm & 6pm
Y3/4 Easter Play

CEREBRAL PALSY AWARENESS DAY

Tuesday 25th March

Next week, it is Cerebral Palsy awareness day. We would like children to show their support by wearing a green item alongside their school uniform, if they would like to.

There is no charge for this. Children could wear green socks, hair clips or a ribbon with their uniform.

The choice is yours!

RED NOSE DAY CAKE SALE

Tuesday March 25th is Cerebral Palsy Awareness Day.

While the entire month of March is recognised as National Cerebral Palsy Awareness Month, **March 25th** is National Cerebral Palsy Awareness Day.

What is Cerebral Palsy?

Cerebral palsy is an umbrella term for a type of physical disability caused by damage to the brain which occurs before, during, or immediately after, the birth of a child. It is the most common motor disability in childhood and is a lifelong condition.

How Does Cerebral Palsy affect someone?

Each Individual with Cerebral Palsy will be affected differently, and it can vary from mild to severe. For some people, Cerebral Palsy will affect them physically, making movements more difficult. Others may also be affected by seizures, epilepsy or difficulties with speech and language.
